

Grow Your Message

Consumers expect companies to give back to their communities through resource conservation and reduction of their carbon footprint. That's where we come in. We are committed to helping you develop responsible, lasting relationships with your clients with promotional seeded paper products.

Whether used for promotion, packaging or giveaways, our all-natural seed paper makes its most meaningful impact when planted. Our seeded paper is 100% biodegradable and grows into beautiful wildflowers or other plants.

Available Direct Print Seeded Papers:

Economy Seeded Paper

Our economy direct print seeded paper is ideal for large runs of direct mail, postcards, bookmarks, hang tags and more. The seeded paper is loaded with visible wildflower seeds firmly embedded into tree-free fibers which make it a great way to convey your Earth-friendly message. It is great for fast-turn, low-cost projects, with a low priority on achieving the high germination rates.

Thickness: 12pt.

Manufacturing Process: Machine Made

Approx. Germination Rate: Low

New Premium Seeded Paper

New this year, our premium seeded paper combines a stunning full colour print with high germination rates. Premium paper features a smoother finish for both printing and writing. It is great for scoring and folding, and remains a popular choice for greeting cards, & packaging other high end products. Other great uses include bottle neckers, invitations, placecards and more!

Thickness: 12pt.

Manufacturing Process: Handmade

Approx. Germination Rate: >75%
